Dear Dr. Medhurst,

Enclosed are four copies of a manuscript titled, "Hystericizing Huey: Psychoanalysis, Charismatic Monumentalism, and Southern Demagoguery," which I would like to submit for review for possible publication in *Rhetoric & Public Affairs*. Three times is a charm, as they say, so perhaps this one will find some traction. If not, I vow to I'll keep trying.

I look forward to hearing from you.

Sincerely,

Joshua Gunn
